DETOX FOR LONGEVITY

*The synergy between Piroche Cosmétiques and Palace Merano
– two leaders in their fields both born in the lush pastures of the Italian Alps –
has led to the creation a the new cosmetics collection.*

“Revital – Detox for Longevity”

*Thanks to the use of next-generation technologies and formulations
that provide a perfect union between nature, science and health,
these completely holistic treatments work in harmony with the user’s body:*

REVITAL COSMETICS

The founding principles

Natural spring water from the Italian Alps

One of our most powerful allies in our quest for health, water is also essential for the beauty of our skin. Natural spring water is packed with beneficial properties, so it's no surprise it's one of the base ingredients in our new Revital cosmetics line.

Top-quality base materials

Revital cosmetics use top-quality base materials, sold directly to the consumer, which ensures that they arrive with the user fresh and with all their properties intact.

Extracts from renowned medicinal herbs

The Revital formulas are enriched with natural essential oils. Our specially created blends are carried by a rich emulsion, to ensure that they perform optimally and the treatments produce all the desired benefits.

The synergistic action of natural active principles in a high-performance, dynamic product

Vitamins A, E and C, hyaluronic acid, co-enzyme Q10, jojoba beads and aloe vera are just some of the active principles we use to achieve exceptional antioxidant and moisturising effects. They improve the skin's defences against environmental stressors and attacks from free radicals, as well as helping to combat dryness and the appearance of wrinkles and expression lines.

THE PERFECT UNION BETWEEN COSMETICS AND HEALTH

The new cosmetics follow the same philosophy applied to the Revital method treatments provided at Hotel Palace Merano.

The formulations are based on our belief that the skin is a sensory organ that can express a whole variety of different structures and characteristics, each of which has unique requirements.

Thanks to this philosophy, the Revital - Detox for Longevity cosmetics range is packed with different blends of detoxifying, revitalising and anti-aging ingredients.

Detoxifying

Rebalances the body and helps the skin to get rid of the toxins that build up because of unhealthy lifestyles, stress and environmental pollution.

Revitalising

Reactivates the natural cell regeneration process so the skin gets a new burst of strength, vitality and brightness.

Anti-aging

Combats the marks of time through an exclusive blend of natural active principles designed to fight dehydration, loss of elasticity and the appearance of wrinkles and expression lines.

FACE CARE

*The new exclusive line
for Palace Merano*

VITAMIN BOOSTER ELIXIR

vitamin concentrate fluid

A concentrated shot of vitamins for the face and neck.

Thanks to their quick-release action, the active functional skincare ingredients and nutrients regenerate the skin, leaving it smooth and toned. The combination of three different vitamins is a powerful weapon against free radicals and helps protect against premature signs of aging. Perfect for energising and reinvigorating the skin, leaving it bright and firm. Suitable for all skin types.

How to use

Apply the contents of the phial to the face and neck (preferably in the evening) and massage in gently. We recommend performing 12-day treatment cycles several times a year.

HYDRA ESSENTIAL SERUM

*hyaluronic acid
and co-enzyme Q10 serum*

For sublime hydration.

The light, non-oily texture of this serum allows it to blend into the skin without weighing it down. Thanks to the combination of two types of hyaluronic acid – one with low molecular weight and the other high, it provides deep and intense hydration, leaving the skin fresh, glowing and free from the signs of aging.

How to use

Apply the serum to the face and neck morning and evening by dabbing and rubbing it in delicately. We recommend using this product in synergy with Hydra Essential Cream.

HYDRA ESSENTIAL CREAM

*hyaluronic acid
and co-enzyme Q10 cream*

Aimed at minimising the signs of aging.

This cream has a rich, silky texture that envelops the skin in moisture and leaves it firmer and brighter. The combination of hyaluronic acid and co-enzyme Q10 helps minimise any signs of aging and heightens the definition of facial features.

How to use

Apply an appropriate amount of product to the face and neck morning and evening. Massage into the skin.

ULTRA ACTIVE LIFT CREAM

wrinkle-smoothing cream

For a natural Botox effect.

This face cream performs a lifting action that provides nourishment and deep moisturisation while protecting the skin from free radicals. This functional skincare complex is made up of Gatuline Expressions® (Acmella Oleracea), aloe vera and grapeseed oil. These active principles have been specially chosen to lessen the appearance of expression lines and protect the skin from premature aging. Gatuline Expressions® reduces the intensity of muscle contractions, creating a natural Botox effect by relaxing expression lines.

How to use

Apply a generous quantity of product to the face and neck morning and evening, then massage delicately.

VITAMIN EYE CREAM

intensive eye gel with selected vitamins

Enriches and deeply hydrates

This gel has an ultra-soft texture and a pool of specially selected vitamins and active functional skincare principles making it perfect for the delicate areas around the eyes and lips. Vitamin Eye Cream provides intense moisturisation and boosts skin regeneration and the smoothing of ultra-fine lines.

How to use

Apply the product by dabbing it delicately around the eyes and lips.

MICELLAR CLEANSING WATER

micellar water

Removes impurities without drying the skin.

Removes makeup, cleanses, tones and soothes the skin. Micellar water contains tiny cleansing molecules suspended in the water which attract dirt and oil, removing impurities without drying out the skin. This formula delicately moisturises the skin thanks to its blend of hyaluronic acid and extracts of larch, mallow, chamomile and hamamelis.

How to use

Apply the product delicately to face, eyes and lips using a cotton-wool pad.

GENTLE PURIFYING FACE SCRUB

exfoliating cream for sensitive skin

Reawaken brightness.

Face scrub containing jojoba beads, vitamin E and extracts of mallow and chamomile. Delicately exfoliates the skin and leaves it softer, firmer and brighter.

How to use

Apply evenly to the whole face and neck, then massage delicately. Wipe off using a damp cloth.

DETOX CLAY MASK

green clay face mask

For a healthy glow.

Face mask containing green clay, vitamins C and E, and extracts of propolis and calendula. Suitable for all skin types, in particular greasy or dull skin. Its toning, clarifying and soothing action leaves the face glowing

How to use

Apply the mask to the face and neck, leave on for 15-20 minutes, then remove using a damp cloth. We recommend using this product in tandem with Micellar Cleansing Water and Gentle Purifying Face Scrub.
